Organized by Noel & Mildred Dana

Titled: 2021 Piglet Tour

Honeybun has carried us (Chuck & Karilyn) on several tours organized by Noel & Mildred Dana, of Jacksonville. (picture). We have been to Savannah, Georgia & Richmond Hill, Georgia. I had never heard of Richmond Hill but soon found out that it was built by Henry Ford. Recommend you Google this as you will discover a really wonderful & surprising story about building a town from scratch.

Now the Ocala Tour, (April 11-16-2021). Our host hotel was the Hilton. A better hotel could not have chosen. There were 20 Model A's, 5 T's, 58 enthusiastic T&A owners and an immaculately restored White Yellowstone Bus. Owned by Ross & Susan Walkup. Actually used at Yellowstone Park. The bus carried those who needed a ride. (picture). Norm & Kathy attended with their 23 T Roadster. We decide to drive to Ocala on Saturday due to rain being forecast for Sunday. We had a beautiful clear & cloudless drive of 185 miles, at average speed of 35 miles per hour, taking about 6 ½ hours. Stopped once for breakfast & gas. (non-ethanol). On tours we drove mostly at "T speed", as I like to call it, which is about 35 MPH. T&A drivers will know what I'm talking about.

There is a picture of HB covered with a tarp, in the rain. Late Saturday it was rainy & windy. I had thought ahead & brought a tarp. Good thing as you can see in the picture. (picture), It rained Sunday too so we parked HB under the portico at the Hilton. About mid-day the other T&A's began to arrive, mostly all on trailers. I think we were the only one's that drove. HB will carry us on any tour that is 300 miles, give or take. Savannah & North Georgia were both around this distance.

Our first tour was on Monday, when we visited Don & Donna McCullum's vast restored automobile collection of mostly 50's. Every car was completely restored to original. Don is famous for converting sedans into convertibles, when the major auto manufacturers stopped making them. Lunch at the Horse & Hound Pub.

After lunch it was off to Kirby Family Farm in Williston, Florida. Their Mission is to help children stay on track or get on track. On display were rare locomotives & Barnum & Bailey Sleeping Coaches. .

Tuesday was a tour to The FARMall Tractor Museum, Leesburg, Florida. On display was more restored tractors anywhere else in the world, over 500. Then to the Hatton Car collection, mostly Packards. Norm was right at home. Lunch at the Grand Oaks Resort.

Visited Cedar Lakes Woods & Gardens, a beautiful botanical garden with cascading waterfalls and koi ponds.

Wednesday was Lunch at the Ivy House Restaurant. Tour of the World Equestrian Center. Never saw such a huge, really HUGE, indoor training facility. We learned that Ocala is a world famous Horse breeding country. We saw many horse farms on our country road tours. Thursday we visited The Florida Museum of Natural History, Gainesville. On display is a huge Mastodon. They also have a very large Butterfly Exhibit. Drove to the Village of Micanopy for lunch.

Fun thing: Each day when we left the hotel for touring we left by the back entrance, on a dirt road, past the trailer parking area and were met each day by plow horses, who would run up to the fence to greet us. (pictures).

Friday left for home. HB carried us over 768 miles, with just a couple of hiccups.

Chuck, Karilyn, and Honeybun

TRAACA.org

The Tallahassee Region AACA (TRAACA) is the regional club chartered to the AACA National Organization. The AACA was established in 1935 and is dedicated to the history of the automobile, and the preservation/restoration of vehicles 25 years old or older. This includes cars, trucks, commercial vehicles, and motorcycles in original or restored condition. TRAACA was established in 1970. Activities include regular meetings, judged and non-judged car shows, displays, local tours, rallies, and participation in national activities put on by AACA. If you have an interest in joining our regional club, then you must also join the national club (AACA). Belonging to these clubs gives you many benefits, such as access to the largest car library, and ability to get copies of technical information. There are car shows held in various places around the country,
