UPCOMING EVENTS IN THE AREA

February 25-26 2022. Melbourne Florida. The AACA Spring Nationals. See flyer below.

March 5th 2022: Lively Tech Car Show. This is a car show that our club needs to support. They support us, and it will be a great time to try and talk to prospective new members. The times are 9am-1pm with awards given out at noon. There will be food and drink available on site.

March 12th times to be announced. Harley Davidson dealer-

ship on Capital Circle NW. Small no charge car show limited to 50cars.

Saturday April 16th 2022. An informal, no cost car show will be held as part of the North side Community Center's Spring Festival. Hours will most likely be 10am-2pm, and will be verified. More on this to follow.

April 23rd 2022 Madison Down Home Days Car Show. This is always a great event with a lot of

vendors, a parade, and a well attended car show. Times to follow. This would be a great chance to do a club tour so we all arrive together.

Note to all members

Please save your unneeded antique car magazines etc. They will be given away at recruiting events.

MEMBER OF THE YEAR 2021

At the January meeting of TRAACA, the member of the year was announced. This award is voted upon by all members of the club.

That person was Don Romaine.

Editor's Note: I thank all of those that voted for me and am very honored by this. I still say it takes the whole club to make one person look good. - DWR

Honeybun goes to the Marinna Caverns (and takes the Kunstbecks along)

Florida Caverns is part of the State Park system in Florida. It is located in the Florida Panhandle near Marianna. It is the only Florida State Park with fresh air filled caves accessible to the public.

The Limestone caves in the park have Stalagmites, Stalactites, and flowstones formed by the erosion of the bedrock. Other formations are above ground, including rivers and springs

Florida caverns State park and the neighboring golf courses were constructed by the Civilian Conservation Corps as part of the New Deal/ The park opened for visitors in 1942.

Park Features

The park is notable for it's geological features, a protected area of karst topography. This geology hosts an ecosystem with plants and animals that are adapted to the limestone substrates. Native Americans inhabited the area and it is a site of archaeological interest.

The park allows nature study, exploring, hiking, boating, horseback riding, and fishing. There is a visitor center with interpretive exhibits, and concessions. The park Rangers conduct tours daily.

Drive them, Don't Park them!

The Tallahassee Region AACA (TRAACA) is the regional club chartered to the AACA National Organization. The AACA was established in 1935 and is dedicated to the history of the automobile, and the preservation/restoration of vehicles 25 years old or older. This includes cars, trucks, commercial vehicles, and motorcycles in original or restored condition.

TRAACA was established in 1970. Activities include regular meetings, judged and non-judged car shows, displays, local tours, rallies, and participation in national activities put on by AACA.

If you have an interest in joining our regional club, then you must also join the national club (AACA). Belonging to these clubs gives you many benefits, such as access to the largest car library, and ability to get copies of technical information. There are car shows held in various places around the country, and you can attend classes to become a judge there. There is also one of the largest car shows in the country held annually in Hershey Pa.

You may just enjoy the company of fellow car folks. Ownership of a classic car is not required to join.

You can download an application at TRAACA.org.
