FSU film school uses 1940 Mercury

I was contacted at the Monticello Cars and Coffee by the FSU film school. They were shooting a movie using a street in Monticello as backdrop. They saw the 1940 Mercury and asked if I would let them use it in the film.

At 7:00 am, we were at the location and filming started. The Film will be called "Songbird".

If you get a chance to do this, try it. Watching how they film and direct is interesting. Also, they are very grateful for the use of the cars. -DWR

Model A and T tour Comes to Tallahassee

Tour cars parked at the Maule airfield in Valdosta

Cars visiting Neil Davis' shop while on tour

\$19,000.00 OBO

Bill Halsell 850-896-1266

FOR SALE

1969 AMC Javelin

Fewer than 64,200 original miles, 232-CID six cylinder, Automatic, Power Steering and Brakes, Air Conditioner, 5 new Tires in 2022

Becky and I bought this in 1981. We are the second owners. We were able to verify the car had only 24,500 miles on it when we bought it at 12 years old.

The car was on jack stands in our garage for 18 years. In 2022, we got it running properly again with the following work done: New fuel tank and fuel system, new brakes, rebuilt power brake booster, rebuilt carburetor, updated aluminum radiator, new belts, hoses, new carpeting, and it has electronic ignition with new wires and plugs.

I am interested in exploring the purchase of a different classic car and do not have room for extra autos. These photos were shot on January 1, 2024 after the car was cleaned up. It does need paint and upholstery, but the upholstery is original to the car. It had one repaint in the late 1980s. The AC needs refrigerant, but it works. There is minor rust behind the rear wheels, but it is basically a solid 55-year-old automobile. We drove it in the 1980s as our second car (thus, the extra 40,000 miles). I'd like to start at \$9250 for an asking price, but will consider any offer to keep it in the club. For questions or interest, please call me.

“Don’t Store them, Drive them”

The Tallahassee Region AACA (TRAACA) is the Regional club chartered to the AACA National Organization. The AACA was established in 1935 and is dedicated to the history of the automobile, and the preservation and/or restoration of vehicles 25 years old or older. This includes cars, trucks, commercial vehicles, and motorcycles in original or restored condition.

TRAACA was established in 1970. Activities include, regular meetings, judged and non judged shows, displays, local tours, Rallies and Participation in national events put on by AACA.

If you wish to become a member of our regional club, Then you are also required to join the AACA national club. Belonging to these clubs gives you many benefits. There is access to the National AACA show held at Hersey Pa each year, access to other members that are a wealth on information on most car projects. You may just enjoy the fellowship of other car owners. You can download an application at TRAACA.org.

Ownership of an antique automobile is not a requirement for membership.
